REPUBLIC OF SOUTH AFRICA

REFERENCE PRICE LIST 2009 STATEMENT

The Department of Health released the final RPL 2009 in the Government Gazette on the 24th December 2008.

The draft schedules were published with an inflationary 8.7% increase. Comments from various stakeholder groups were considered by the Department of Health and an inflationary increase of 10.7% was published for all schedules across the board.

The submissions of practitioner groupings that were accepted for verification have been granted the same increase at this point in time. The verification process is proceeding, and the relevant practitioners have been contacted. Further communication in this regard will follow after the completion of the verification process.
